Have a cup of ideas®

Tea consumption reaches new dimensions!

A cup of fine Darjeeling with friends is now more popular than an after-work drink. A flavorful herbal tea is an essential part of the daily feel-good routine. Imaginative refreshing fruit tea recipes, iced or hot, should not be forgotten at any party. The classic teatime has taken on completely new forms.

The multifaceted and inclusive nature of tea drinking is being embraced by an ever-increasing number of consumers. This begins with the selection of varieties, tea accessories and preparation methods and has just begun to develop into the new tea culture.

Tea creates a special atmosphere, beginning with the preparation. Therefore, for many, taking a tea break is about de-compressing, mindfulness, and a sensory experience, as well as teas deliciously unique and varied flavors. Tea stands for individuality and diversity. It's about experiencing and exploring novel flavors, synergistic (alternative: harmonious) components, and forms of preparation.

Our carefully curated and versatile range of teas precisely meets this criteria and a sophisticated consumer's demands. No matter which preparation method is chosen, their desire for a sensuous tea drinking experience is more than satisfied with our selection. Our customers can also rest assured that our company and our products always act responsible towards the people and the environment. Like our customers, we are always looking to keep a healthy, sustainable lifestyle choices in focus with all we do.

SUSTAINABILITY

Our promise:

Protecting people and nature

In order to enjoy tea with all our senses and to be part of the global tea trade with a clear conscience, it is important to look beyond the rim of the tea cup and the local shop counter. Nature offers us its wonderful and flavorful varieties. Cultivators and farmers give us their dedication and craft. Therefore, we bear the responsibility to take care of both. At Florapharm, we strive for betterment in our daily decisions and business practices.

We transform nature's goods into pleasure:

Our Promise extends to our partners, employees and of course, our customers, as we look to treat all with respect and fairness.

Environmental protection – For a thriving nature

Producing healthy high quality teas requires a healthy environment. To insure that Florapharm does its part, we actively search for and source from partners that cultivate using sustainable or gentle agricultural methods, absent of pesticides. We regularly audit our business and production practices to reduce our energy and material consumption. We constantly review, test, and upgrade to the best available biodegradable and recyclable materials that still allows the tea to express its full aroma. Finally, we compensate our greenhouse gas emissions by supporting the Atmosfair initiative and print our advertisement on uncoated paper.

Social engagement – Always hand in hand

Sustainable agriculture and fair trade practices walk hand in hand. In order to protect the environment we must take care of those who look after the environment locally. This is why we support various non-profit organizations globally that strive to improve the working and living conditions of those who grow our raw materials. Florapharm also actively supports local social welfare initiatives in its home region of Frankonia, for instance supporting institutions which look after children with disabilities. Furthermore, we support various regional social and sport clubs which promote cultural diversity and equality.

SUSTAINABILITY

Moving forward – Expanding our vision

Our modern production facilities and our operations at Florapharm are certified by IFS to the highest standards. However, in order to provide the best product possible we internally audit our production to assure a standard higher than what is legally required.

Loyalty to our specialty retailers, always.

Florapharm will always service the specialty retailer, and we see a multitude of companies vital for maintaining diversity in our society. We do not support market dominance by large chains. Our diverse assortment reflects the diversity of all our specialty retailer customers and the tastes of their customers.

The Fairtrade seal stands for fairly cultivated and traded products and for a demonstrably improved living situation of the individual plantation workers by supporting social, ecological and economic projects.

We support the initiative Atmosfair for the compensation of greenhouse gases through renewable energies.

FLORAPHARM is UTZ certified. This is a label that guarantees the sustainable cultivation of coffee, cocoa and tea. The focus here is on improving productivity, efficiency, quality and compliance with social and environmental standards.

With the IFS Food certification, FLORAPHARM meets the strict quality requirements of our national and international partners, which go far beyond the legal requirements. This quality standard is regularly checked by independent experts (auditors).

Our products as well as our raw materials are tested by the independent accredited food laboratory LEON® in order to guarantee the quality and purity of our products.

The organic seal identifies products and raw materials from controlled organic cultivation. The focus is on the avoidance of pesticides and environmentally friendly cultivation. FLORAPHARM is certified and controlled by DE-ÖKO-005.

FLORAPHARM supports the non-profit organisation Brot & Bücher e.V., which has been providing education, health and food for children in the tea-growing regions of India since 1992. This relieves the financial burden on families and gives children a better future.

Corporate management – it's all about the mix

We are a dynamically growing family-owned company. We actively research and look for changes in the market to build on set trends. This is possible with our strong team of experienced managers and executives supported by many young and ambitious team members. We share a passion for tea, innovation and high quality. We recruit and hire from not only our sector but also outside. We provide flexible hours and various part time models to better help support our employees work life balance. Finally, we focus on our local labor market to help keep our home economically strong and an attractive business location.

Economy – focus on quality

We are constantly reinventing tea in new and different ways, with creative recipes and excellent ingredients. To meet our extration requirments, we apply strict standards from the first to the last step of the production chain. Beginning with the careful selection of our raw materials in the countries of origin, continuing with intensive quality controls of the finished products and ending with the certification of our suppliers by our quality assurance department. In addition, our products and raw materials are tested by the independent and accredited food laboratory LEON®. We can do better. There is always more that can be done, and it starts with ourselves. As a tea producer, Florapharm sees itself as a advocate of these principles between tea farmers, suppliers, consumers, and you. We invite you, our specialist retailers to participate in environmental and social initiatives as well. To continue producing great tea we need cooperation and responsibility at every level.

ORGANIC TEA

MOQ = 1 unit = 1 kg = 2.2lbs 212 °F 3 min 1 tsp.

Organic Black Tea

Organic **Ceylon Op 1 Kandy** Organic Black Tea

Ingredients: black tea*

Kandy was the capital of the last Sinhalese kingdom, which was able to assert numerous attempts at conquest by the colonial powers until it was conquered by the British in 1815. Teas that come from this particular region in Sri Lanka are known as „Kandy Teas“. A medium-bodied, mouth filling tea reminiscent of unsweetened chocolate and subtle fruit.

Organic White Tea

Organic **China Pai Mu Tan** Organic White Tea

Ingredients: white tea*

Pai Mu Tan, known as „white peony“, is the best known tea in this category. Two leaves and a bud are plucked carefully by hand and dried without any further processing steps being involved. The leaves show many different colors of green and brown and contain silvery-silky leaf buds. The cup color is light with a nice amber tone. The taste is absolutely mellow, elegant and reminds of sugar snap peas.

Organic Green Tea

Organic **China Fog Tea**

Organic Green Tea

Ingredients: green tea*

Grown in the mist and fog of the southeastern mountains of China, this organic tea is wonderful tea for those who would like to delve into green tea for the first time. The fog protects the plants from too much sunlight so they can produce more chlorophyll, adding richer notes to this unique green tea. The buttery mellowness and fresh green flavor of it is simply amazing.

Organic **Japan Gyokuro**

Organic Green Tea

Ingredients: green tea*

Gyokuro is one of the top teas in Japan. In a special production, the tea bushes are shaded with special nets for up to 20 days at the beginning of May. Due to the limited exposure to light, the leaves generate more chlorophyll thus contain less tannin. The tea then develops a sweeter and a more mellow taste. Gyokuro is only harvested once a year, because the shading weakens the plants and need time to recuperate at the first harvest. The finished tea has flat dark green needles and a subtle sweet „umami“ taste.

Organic **Japan Sencha**

Organic Green Tea

Ingredients: green tea*

Sencha is the most popular tea in Japan, as it is drunk throughout the day. The yellow-greenish cup captivates with an intense, fresh fragrance. Sencha is a steamed green tea and therefore has a refreshing, vegetal, green, grassy flavor.

85239-70

Organic **Joongjak**

Organic Green Tea

Ingredients: green tea*

We are pleased to offer you a special green tea from South Korea. The tea plantation Seogwang is on the island Jeju and benefits from the very fertile volcanic soil, the clear and clean water and the good climate conditions. The tiny, sophisticatedly processed olive green leaves are a typical feature. They are steamed and roasted in line with traditional Korean tea production processes. A pleasantly mild green tea with a flowery and fresh taste and a lemon yellow liqueur. Purely organic.

Margaret's Hope

Black Tea
Second Flush

Ingredients: black tea

In the early 1930s this Darjeeling garden was actually named Bara-Rington and owned by Mr. Bagdon from England who had brought his daughter Margaret to the garden. She was so impressed with the scenic beauty and charm that she wished to return back here one day after their journey back home to England. Sadly, she got ill and succumbed to her illness back home. In memory of his daughter Mr. Bagdon renamed the garden as Margaret's Hope. The estate is located in the Northern Valley of Kurseong at an altitude of 350 to 6000 ft. A very pleasant, full-bodied aromatic second flush with the typical amber-colored cup and nice floral notes.

FLORAPHARM

GREEN TEA

Green tea, like black tea, is obtained from the *Camellia Sinensis* tea plant. Green tea is roasted or steamed and thus retains its green leaf color.

92637-70 ►
Apricot Jasmine

Whether from China or Japan, green tea convinces with its pale green cup color, its grassy green leaf colors and its unique, gentle and fresh taste.

The perfect infusion temperature varies according to the variety with a brewing time of approx. 2-3 minutes.

Green tea has been an integral part of everyday life in China for thousands of years. That is why the country is also called "The cradle of tea culture". From there, the enjoyment of green teas spread to Japan, where the traditional Japanese tea ceremony is still practiced today. In the 17th century green tea came to Europe thanks to trade relations and enjoyed ever greater popularity and is today regarded as a superfood par excellence.

Region of Origin Japan

Japan Bancha

Green Tea

Ingredients: green tea

To produce Bancha tea, the leaf of the tea bushes is harvested in late summer. The green, open leaf structure is typical for this variety. The taste of the tea is very mild, slightly grassy, and pleasantly aromatic. Bancha is preferably drunk in Japan in the late afternoon, as it is very digestible.

Organic Japan Gyokuro

Organic Green Tea

Ingredients: green tea*

Gyokuro is one of the top teas in Japan. In a special production, the tea bushes are shaded with special nets for up to 20 days at the beginning of May. Due to the limited exposure to light, the leaves generate more chlorophyll thus contain less tannin. The tea then develops a sweeter and a more mellow taste. Gyokuro is only harvested once a year, because the shading weakens the plants and need time to recuperate at the first harvest. The finished tea has flat dark green needles and a subtle sweet „umami“ taste.

Chill Out Double Wall Tumbler

finum®'s CHILL OUT™ enhances your beer, wine and spirits at any stylish outdoor event. This double-wall tumbler keeps your beverage tasty and at the right temperature. CHILL OUT™'s exceptional appeal is largely owed to its lid, which is shaped like a cup and includes a simple spout closure (Corkmec™). Similarly to a fine wine glass or a traditional tea cup, CHILL OUT™'s shape will assist your sense of taste. This is not only due to its unique cup shape but also because it's made of Tritan™, a taste-free and BpA-free material, with high-impact resistance and clarity. Enhance the way you are drinking and just CHILL OUT™

GENERAL TERMS AND CONDITIONS

The following Terms and Conditions form a part of the agreement between Buyer and Seller as defined below are applicable to the Buyer's purchase of Product from Seller by paper, email, telephone/fax or website order confirmation.

DEFINITIONS:

"Buyer" as used herein shall mean the purchaser of Product from FLORAPHARM Tea-USA LP.

"Product" shall mean goods purchased by Buyer and shall include the plural.

1. **PRICES.** All prices are EXW Schesslitz, Germany, in US Dollars. Loose teas are sold in 1 kg (2.2 lbs) increments unless otherwise arranged. Orders will be shipped via UPS or FedEx Ground unless otherwise specified. All prices are subject to change without prior notice. Seller is not responsible for misprints. Seller must be informed of shortages and non-conforming shipments within 3 business days of receipt of the order.

2. **RETURNS.** All returns must be authorized by Seller. Returned checks are subject to a \$20.00 charge.

3. **PAYMENT TERMS.** All orders are credit card, COD or prepaid unless otherwise stated. Payment plans and credit lines may be available after credit application is approved. Invoices are enclosed with shipped orders unless otherwise instructed.

4. **FORCE MAJEURE.** Seller will be excused from the obligations of this contract to the extent that performance is delayed or prevented by any circumstances reasonably beyond its control, including, but not limited to, by fire, explosion, mechanical breakdown, strikes or other labor troubles, plant shutdown, unavailability of or interference with the usual means of transporting the product or compliance with any law, regulation or request of any governmental authority, disease, pandemic, or inability or difficulty to procure labor/materials. The occurrence of a Force Majeure event shall act to suspend performance. Either party shall have the right to terminate any unperformed portion of the contract as a result of a Force Majeure situation. However, the duty of the Buyer to pay for product received is never suspended.

5. **WARRANTY.** Seller warrants that the Product sold shall conform to its specifications provided to Buyer, or which are available on the Product price list found on Seller's website. THERE IS NO WARRANTY THAT GOODS SUPPLIED HEREUNDER SHALL BE FIT FOR ANY PARTICULAR PURPOSE NOR IS THERE ANY WARRANTY OF MERCHANTABILITY, TITLE, QUALITY, OR ANY OTHER WARRANTY, EXPRESS OR IMPLIED, EXCEPT AS EXPRESSLY PROVIDED HEREIN. Seller is committed to delivering quality teas and is dedicated to meeting applicable quality assurance and quality control standards. Seller performs various tests on its products to ensure compliance with maximum residue limits ("MRLs") specified for sale in the United States and to the extent limits are not articulated for certain residues, the products comply with articulated European standards. Nonetheless, it is Buyer's sole responsibility to ascertain applicable MRLs and to ensure product compliance with the relevant regulatory agencies in Buyer's market of interest. Seller shall not be liable for any loss or damages, including, but not limited to, direct or consequential damages, loss of profit, loss of business, loss of revenue, demands, claims, actions, proceedings, damages, payments, expenses, or other liabilities occasioned to or suffered by any person acting or refraining to act as a result of the information relating to MRLs contained herein, or otherwise caused by or arising, in whole or in part, in any way from Buyer's use of this information.

6. **REMEDIES.** Seller's liability and Buyer's exclusive remedy for any cause of action arising by reason of this transaction, whether based in tort, strict liability or contract/breach of warranty is limited to the value of the Product shipped or replacement of Product not conforming to specifications. SELLER SHALL NOT BE LIABLE FOR ANY SPECIAL, INCIDENTAL, DIRECT OR CONSEQUENTIAL DAMAGES, OR EQUIVALENT THEREOF NO MATTER HOW CLAIMED, COMPUTED OR CHARACTERIZED.

7. **ACCEPTANCE.** If these Terms and Conditions are construed to be part of an offer, then such offer expressly limits acceptance to the terms of the offer and notice of objection to any different or additional terms in any response to the offer is hereby given. If these Terms and Conditions are construed to be part of an acceptance to the terms of an offer, this acceptance is expressly conditioned upon Buyer's assent to any different or additional terms contained herein. Buyer's acceptance of the Product shall constitute its assent to these Terms and Conditions.

8. **MODIFICATION.** This document contains the entire agreement of the parties with respect to the identified subject matter, and all proposals, negotiations and representations, if any, made prior to and concerning this subject matter are merged herein. Any subsequent modifications to this contract shall be at the discretion of Seller, must be in writing stating an intention to modify the agreement and signed by an authorized representative of Seller.

9. **GOVERNING LAW.** This contract will be governed by the law and Uniform Commercial Code in effect in Georgia, without regard to its choice of law provisions, and except as modified by these terms and conditions. The application of the United Nations Convention on Contracts for the International Sale of Goods ("CISG") is hereby expressly disclaimed.

10. **DISPUTES.** In the event of any controversy or claim arising out of or relating to this transaction, the parties hereto agree first to try and settle the dispute by mediation, administered by the International Centre for Dispute Resolution ("ICDR") under its Mediation Rules. If settlement is not reached within sixty (60) days after service of a written demand for mediation, any unresolved controversy or claim arising out of or relating to this transaction shall be settled exclusively by arbitration in accordance with the International Arbitration Rules of the ICDR. The place of any mediation or arbitration shall be in the State of Georgia. The arbitration shall be conducted by one arbitrator, who shall be selected by mutual agreement of the parties. In the event that the parties are unable to agree on an arbitrator, the arbitrator shall be selected in accordance with ICDR procedure. The language to be used in the arbitration proceedings shall be English. IBA Rules on Taking of Evidence in International Commercial Arbitration shall apply to the arbitration proceedings. Judgment on the award rendered by the arbitrator may be entered in any court of competent jurisdiction. The costs of the mediation and arbitration, including filing fees and the mediator's and arbitrator's expenses, if any, shall be borne equally between by the parties. Each party shall bear any additional expenses as such party may incur, including attorney's fees, but the arbitrator may award attorney's fees, costs and expenses to the prevailing party. The arbitration shall be final and enforceable as to both parties.
